Grade Change Policy

- After the Grade Change Policy was revised and approved at the 9/5/24 meeting, additional changes were recommended from the Registrar's Office
- Ann recommended removing the sentence "Degree programs and certificates are typically awarded within 5 days of the posting of final grades" since the Registrar's Office normally finalizes transcripts and diplomas within three days of final grades posting
- Additional language will be added to the Appeal Policy noting that students on the prospective graduation list will have a shorter deadline to appeal
- Lloyd motioned to approve the changes, Brooke seconded. Motion passed
